

ORANGE COUNTY, NC - CENSUS - Early Tax Records, 1755-1779

Part 1

Contributor's Note: Orange Co., North Carolina was created in 1752 from the larger Bladen, Granville and Johnston counties. Later in 1777 Caswell Co. was created from the "Northern Division" of Orange Co. Later in 1791, Pearson Co. was created from the "Eastern" half of Caswell Co. and in 1840 Alamance Co. was created from the "Western" half of Orange Co. Also part of Durham Co. was created in 1881 from the "Eastern" portion of Orange Co. So any of the following Surname's could have been recorded in the above Counties and never even moved!

These "Tax Records" were copied from the North Carolina Division of Archives & History, 109 East Jones Street, Raleigh, NC. 2761

No other additional information is available, they only help the researcher determine Surname "Migration Path."

These records consist of:

1755 = 921 Names
 1772 = 132 Names
 1779 = 1,307 Names
 Total 2,360 Names

I would like to share information with anybody who is working on these related families in North and South Carolina.
